- c) Increase the number of people utilising the leisure and other facilities and so contribute to the health and wellbeing of the population and quality of life.
- d) Ensure that prices are comparable with competitors in the Derry City and Strabane District Council area and on a regional basis.
- e) Demonstrate equality and transparency throughout the pricing policy and the associated schedule of charges.
- f) Ensure the policy will be practicable in that the processes involved will take full account of the need to show respect and recognise issues of dignity.

1.1.2 The policy sets out how the Council will approach and review pricing going forward.

1.1.3 The policy is for the information of staff, elected members, clubs, organisations and members of the public.

1.2 Background

1.2.1 Derry City and Strabane District Council aims to provide value for money leisure and sports services to all its stakeholders including customers, citizens, visitors, clubs, organisations and businesses.

1.2.2 Having a standardised value for money pricing structure is an essential part of the Councils business, key to improving our services and designated as a key priority by elected members for Derry City and Strabane District Council.

1.2.3 As part of the previous leisure and sports services convergence process, a scoping exercise of prices in Derry City Council and Strabane District Council was completed and a charges working group made up of both officers and elected members was established to help create the and initial leisure and sports services pricing policy and schedule of charges for Derry City & Strabane District Council.

Members of the previous charges working group along with the members of the newly formed Sports Committee for Council were reconvened in December 2015 to review the Leisure and Sports Services Pricing Policy and Schedule of Charges for 2016/17. As part of this process the results of the Equality Impact Assessment consultation were also considered.

In 2016/17 Nominated members of the Leisure and Sports Services working group were reconvened in January 2017 to review the Leisure and Sports Services Pricing Policy and Schedule of Charges for 2017/18. As part of this process customer feedback from 2017 – 2018 has been considered.

As there is no change in prices for 2019/20 it was considered that there was no requirement to reconvene the working group.

- 1.2.4 The Leisure and Sporting Pricing Policy had been subjected to the Council's screening process and had been screened in for EQIA. Council undertook a formal consultation process with all relevant stakeholders. This was completed in July 2015 and consideration has been given to all responses to inform the final policy.
- 1.2.5 The pricing policy will be presented to be approved and ratified by Derry City & Strabane District Council for March 2019.
- 1.2.6 The revised 2019/20 Pricing Policy and Schedule of Charges will be implemented on 1 April 2019.
